My style is an artful documentation of your unique business story. Using an honest storytelling approach, I create natural and heartfelt photography and film that you will capture the hearts of your clients and really show the personality behind the brand.

" LEANNE MAKES AN ORDINARY SITUATION LOOK MAGICAL"

I take a very relaxed approach to all my sessions. They are all about spending some time that's just for you and your business so my main aim is to make everyone feel comfortable and to have fun.

"LEANNE PUT ME AT EASE STRAIGHT AWAY. SHE'S GOT AN ATTENTION TO DETAIL AND I'M SO PLEASED WITH THE NATURAL PICTURES SHE'S TAKEN. THEY WILL BE INVALUABLE IN HELPING ME TELL MY BRAND STORY"

- PIECE BY JACKSON

These sessions aren't your usual branding sessions. They are aimed at creatives but can be for anyone who wishes to document a 'behind the scenes' of a normal day for their clients. I will spend a few hours with you as you potter around your workshop, office, the outdoors or whatever you get up to on a normal day. I will take a variety of images for you to use as you wish, such as, natural headshots, making, doing, packing, drinking your morning coffee, stock on your shelves, product images and more.

I adore bringing your visions for your products to life. I work closely with you on the brief to ensure that the final images represent you and your brand.

These photoshoots are completely tailored to you and your business so we will cover all the requirements and your vision for the images in our pre photoshoot questionnaire's and discussions.

PRODUCTS

*"LEANNE GOT EXACTLY WHAT I
WANTED AND ASKED FOR DOWN TO A
T"*

-AURA AND
SAGE

If you just need your products beautifully photographed, I am offering this from my home with a small studio space and I also incorporate some lifestyle images too if required. All you need to do is to drop off or post the products to me and I can then send back to you once I have finished.

LETTERBOX PRODUCT PHOTOGRAPHY

The pricing of these depend on your requirements so if you would like a quote, please get in touch. You may want to add this on top of your branding session if you need images for an online shop for example or just social media content and advertising

I believe filming for brands is going to really take over. It is a great way to add value and something unique to your social media and marketing. It will show you and your products in action and will show how passionate you are about your story and your brand.
